LIVOGEN

The Reconstructive Tonic

In addition to liquid extract of liver Livogen contains all the essential members of the Vitamin B complex, including Vitamin B_1, lactoflavine and nicotinic acid which are concerned in the physiological activity of the brain and nervous system.

Livogen, therefore, is a valuable tonic in debilitated conditions particularly when symptoms of neuritis, neuralgia and other nervous dysfunctions are present.

INFANTS AND ADULTS...
THE SICK AND THE STURDY—

A wonderful help-to-health for *everyone*

When you recommend Farex, perhaps as a weaning food, you help the mother in more ways than one. You solve for her also the family breakfast cereal problem . . . the invalid food problem . . . and the problem of providing extra nourishment for growing children. Farex meets the demands of all. It is a blend of 3 cereals : wheat, oatmeal, and maize. In addition to providing an adequate proportion of carbohydrate, it contains a special amount of protein. It is rich in minerals; it has a naturally high content of vitamin B_1 with added amounts of vitamins A and D. Thus Farex provides nourishing and protective materials in an easily digestible form for infants, children, adolescents and adults, whether ill or well.
